

EXCITING OPPORTUNITY TO LEAD OUR IMPACT & RESULTS PORTFOLIO ACROSS EAST AFRICA

TradeMark East Africa (TMEA) is funded by a range of development agencies with the aim of growing prosperity in East Africa through trade. We believe that enhanced trade contributes to economic growth, a reduction in poverty and subsequently increased prosperity.

TMEA, with an annual expenditure of around US\$100 million, is now the largest aid-for-trade facility in the world. We have vibrant and successful country programmes in Kenya, Rwanda, Tanzania, Uganda, Burundi, and South Sudan. The first phase of TMEA has delivered exceptional results which have directly contributed to substantial gains in East Africa's trade and regional integration environment in terms of reduced transit times, improved border efficiency, and reduced barriers to trade.

The second phase, which has just started, aims to deliver even more large-scale impact to maximise the potential benefits of aid-for-trade interventions. We are looking for a high calibre, results-oriented and experienced professional to join our team in the position below.

Chief Strategy & Results Officer

A key member of TradeMark East Africa's (TMEA's) Senior Leadership Team (SLT), the Chief Strategy & Results Officer will oversee TMEA's corporate performance framework, including results monitoring, evaluation and reporting. S/he will also be responsible for TMEA's learning, research, knowledge management, communications functions as well as mainstreaming the key cross-cutting thematic areas spanning gender, poverty and climate change.

The ideal candidate will possess an advanced degree in areas relevant to TMEA's focus, such as Development Studies, Economics or Trade. S/he will have at least ten years' management experience in leading business units or development programmes, particularly in areas related to the functions of the position and TMEA's core focus areas. Extensive knowledge of and professional experience gained within the East Africa region are essential for this role.
