Chief of Party

Uganda Social and Behavior Change for Transformation (SBC4T)

Chemonics seeks a Deputy Chief of Party for the USAID Uganda Social and Behavior Change for Transformation activity (SBC4T) based in Kampala. The Deputy Chief of Party (DCOP) is a role in supporting the COP to lead and implement the overall strategic leadership and development of the SBC4T program. The DCOP will supervise project implementation and ensure that goals and objectives are met in a timely and cost-effective manner.

Responsibilities include:

- Provide overall leadership, management, and technical assistance on the SBC4T project, working closely with the Chief of Party (COP) to develop project strategies and approaches.
- Ensure quality and timeliness of project activities, including oversight of the budget and financial management.
- Lead the project team in the development and implementation of project activities, ensuring alignment with USAID and SBC4T goals.
- Develop and maintain strong relationships with stakeholders, including USAID, donor agencies, and local government entities.
- Oversee the project team to ensure effective implementation of project activities, including supervision of sub-component activities.
- Ensure compliance with USAID regulations and policies, as well as other relevant guidelines and standards.
- Provide leadership and guidance to technical subcomponents, ensuring the effective delivery of technical assistance.
- Participate in project planning, monitoring, and evaluation activities, and contribute to the development of learning initiatives.

Qualifications:

- Bachelor’s degree in public health, epidemiology, biostatistics, research methods, or any other health-related field.
- A minimum of 10 years of experience in managing large-scale health-related projects, with at least 5 years of experience in a supervisory role.
- Demonstrated leadership and management skills, with a proven track record of delivering high-quality results.
- Strong interpersonal and communication skills, with the ability to effectively communicate with a diverse range of stakeholders.
- Excellent writing and reporting skills, with the ability to prepare high-quality reports and summaries.
- Experience with USAID and other donor-funded programs, including the ability to navigate complex regulations and procedures.
- Demonstrated ability to work collaboratively with partners and stakeholders.
- Familiarity with SBC and Behavior Change (SBC/BCC) strategies and approaches.
- Experience working in a multi-sectoral environment, with a focus on social and behavior change.
- Understanding of gender and social norms, and the ability to integrate gender considerations into project activities.
- Excellent analytical and problem-solving skills, with the ability to identify opportunities for improvement and develop effective strategies.
- Strong ability to lead and manage a diverse team, with the ability to motivate and inspire team members.
